

Our Pharmacovigilance Expertise

Excelya applies 20 years of Pharmacovigilance experience to provide the client-centric vigilance support you need to excel.

A flexible approach to PV: our pharmacovigilance support is available at three levels: Resourcing, FSP, and Full Service

**90+ PhD/MSc
physicians,
pharmacists
and life
science
professionals**

**20+ years of
hands-on
experience across
more than 300
vigilance projects**

**A well-established
local network in
multiple countries,
to serve your local
needs, globally**

Our results speak for themselves:

To date, Excelya have had **no critical findings** from PV audits and inspections, **with more than 50% resulting in zero PV findings.**

**Coverage in
more than 50
countries**

**10+ years'
experience
in PV
auditing**

**80+
PV Clients**

5 Safety Hubs – Athens (GR), Paris (FR), Sofia (BG), Istanbul (TR), Budapest (HU) covering project management in the **EU, North America and MENA regions**

If you need local persons for PV for your authorized products, you can access Excelya's broader PV network
